MANDAT INTERNATIONAL

MANDAT INTERNATIONAL is a Geneva based foundation with special consultative status to the UN and a recognized public utility. We work closely with the international organizations and benefit from a network that covers most domains of international cooperation. We are independent of any political or religious affiliations.

AIMS

- To promote international dialogue and cooperation
- To welcome, inform and facilitate participation in international conferences
- To support and provide accommodation for delegates from developing countries

An increasing number of representatives are invited by international organizations to attend conferences because of their expertise, grass-roots knowledge and the vital role they play in the elaboration and implementation of international policies. Thanks to our Welcome Centre and our activities, we support their participation in numerous international meetings held in Geneva. We also contribute to bring the various stakeholders and sectors of the international arena closer.

POLICY MAKING

We carry out research to improve multistakeholder cooperation and the participation of delegates in international meetings.

ACCOMMODATION AND SUPPORT

The Welcome Centre for Non-Governmental Organizations and Delegations, located at Valavran, was launched with the grateful assistance of volunteers. It facilitates the participation of representatives coming from developing countries in international conferences, and is a place where delegates can meet and share their experiences. It provides delegates with:

- **Low-cost accommodation** and reduced expenses
- **Support service**
- **Networking with delegates**
- **Cultural events and other projects** to raise public awareness on the delegates' work

We contribute to establish greater equality in North-South relations and to turn Geneva into a truly democratic forum, accessible to people from all nations.

WORK INFRASTRUCTURE

- Meeting rooms (with beamers, etc.).
- Computers, Internet access, WiFi, fax, telephone, photocopier, etc.
- Hosting of meetings, seminars, receptions and exhibitions.

DOCUMENTATION CENTRE

- **More than 10'000 reference documents** to assist participants during conferences
- **Over 250 informative periodicals and magazines**
- **Multimedia library**
- **Databases on international organizations and NGOs**
- **International conventions and treaties**
- **Easy access to information from international organizations**
- **Orientation** on accessing electronic information
- **Interface** with the specialized libraries
- **NGO resource centre**
- **Platform for information exchange**

We facilitate access to information and documents that are useful to attend conferences in the various fields of activity. We collaborate with all major international organizations and are associated with the United Nations Department of Public Information.
